THE SMART CHOICE FOR HOSPITALS

Why Health360?

Simple

One hospital OS — registration to discharge and follow-up on a single patient journey.

Connected

Desk, doctors, nurses, lab, pharmacy, billing, and ops share one encounter spine.

Digital

Live queues, signed e-Rx, lab reports, wellness plans, and visit status without paper sprawl.

Hospital-first

Built for owners, medical directors, clinicians, and IT — with RBAC and audit-ready workflows.
