

YOUR HEALTH JOURNEY IS OUR PRIORITY

Health360 connects patients, doctors, labs, and pharmacies on one digital hospital platform.

ONE CONNECTED PLATFORM

- Patient UHID & appointments
- OPD queue to clinical encounter
- Lab orders, pharmacy & billing
- IPD · ICU · hospital assets
- Multi-hospital SaaS delivery

Hospital Services

OPD & Live Queue

Appointments, desk arrive, tokens, call / skip / recall.

Clinical Encounter

Consult notes, e-Rx, wellness plans, follow-up.

Lab & Pharmacy

Book hospital lab, publish reports, dispense medicines.

IPD · ICU · Assets

Inpatient care, billing foundation, hospital asset management.

Improving care quality through connected digital health

Health360 is TechEarnest's complete hospital management product — built so every module works as a service on one patient journey.

- **Purpose:** one-page product story for hospitals, labs, pharmacies, and IT leaders.
- **Aim:** remove paper prescriptions, lost reports, and fragmented tools.
- **Connected care:** smarter queues, patient context, lab trends, and health insights.
- **Enterprise DNA:** RBAC, audit trails, multi-hospital SaaS delivery.
