 Beds, invoices, biomedical & facility assets

Why this flyer · what we aim for

- Purpose:** present Health360 as TechEarnest’s ready hospital OS.
- Aim:** remove paper slips, lost reports, and tool sprawl.
- How:** modular services + AI on one encounter spine.
- Who:** hospital CIOs, clinicians, pharmacy/lab leaders, IT partners.

INCLUDED
Hospital Asset Management
 Biomedical, beds, facility & IT assets — clinical HMS plus enterprise visibility.

Remember from this flyer

- Complete hospital OS — not one module
- AI for queues, context & lab trends
- Enterprise DNA: ServiceNow · Salesforce · Microsoft
- RBAC, audit, multi-hospital SaaS
